DIRECTION

Dry hands before donning the gloves. Take out the product after checking package. Gloves need to be donned carefully, do not apply excessive force to pull the gloves when donning. Keep the fingertips short and change gloves frequently to avoid bearing issue. The gloves should be discarded with an appropriate waste disposal container after use.

STORAGE CONDITION

The atmosphere must always be conducive to the storage of the gloves. Gloves before and after opened for use shall be stored in dark, cool and dry place. Gloves need to avoid area with excessive heat. The storage areas need to be controlled below 40°C / 104°F. Gloves need to be shielded from direct sunlight and fluorescent lighting.
